

SEE WHAT PROGRAMS ARE DOING TO STAY
ACTIVE AND CREATIVE DURING QUARANTINE

Spreading Joy

Direct care worker Angel Fallin and the Wintergreen Ladies are making cards for essential workers in her area. Angel plans to give them out at places like grocery stores and truck stops to give to drivers.

Mask Makers

After the announcement that CCLS will now accept mask donations we have received many emails from employees who plan to or have already made masks to donate to programs. Thank you to all who have donated and created masks so far! Here are some pictures of masks created by Janesville Program Manager Barbara Vaughn!

Happy Heart Hunt

As some of you may have seen on social media and in the news there is a movement to spread positivity called the Happy Heart Hunt! You are invited to join us in filling your windows to create designs with a heart theme and a positive message. We have received a few emails about programs who are participating in this event. Here is a decorated window from a program in the Janesville area.

"Jumping Around" with Clients

South Central Program Director Dawn Czerwan shared photos of clients taking part in a "Virtual Jump Around" with Bucky! Every Saturday you can tune into specific radio stations to take part in the event. If you are interested check out our Facebook page for more details.

Reminder!
